September: A Month of Learning, Leadership and New Beginnings

“Education is not preparation for life; education is life itself.” — John Dewey

September at Loyola School has been a vibrant month of learning, celebration, collaboration and growth. As we journey through the academic year, the month brought together opportunities that went far beyond the classroom, reminding us that education is truly a holistic process.

We began the month with a special Teachers' Day Assembly, celebrating the dedication and commitment of our teachers. The PTA Football Tournament and the LOBA Cricket Tournament strengthened the spirit of community, friendship and healthy competition. The IIST Model Rocketry Workshop provided our students with an exciting opportunity to explore science, innovation and the wonders of space.

Professional growth remained an important focus with the CISCE Professional Development Programme, enabling our teachers to learn, reflect and renew their commitment to quality education. L'Spectra, involving students from KG to XII, offered a wonderful platform for creativity, talent, sustainability and innovation.

The visit of Fr. Dr. S. M. John Kennedy SJ, the Conference Secretary, Jesuit Education was another significant moment. His presence and interaction with our school community encouraged us to reflect more deeply on our Jesuit educational mission and our responsibility towards forming young people as men and women for others.

As the First Terminal Examinations began, our students were reminded that assessment is not merely about marks, but about discipline, perseverance and the continuous pursuit of excellence.

September also brings a moment of transition in our Loyola family. The Farewell and Welcome Meeting for Fr. Sunny Thomas SJ and Fr. Dr. Binoy SJ reminds us that leadership is a journey of service, with each person contributing to the continuing story and mission of our institution.

“The beautiful thing about learning is that no one can take it away from you.” — B. B. King

As we look back on September, let us be grateful for every opportunity to learn, serve, celebrate and grow together. May the experiences of this month continue to inspire us to live our theme of “Excellence through Responsibility” and to make Loyola a place where every individual discovers the joy of learning and the responsibility of making a difference. Let us continue to learn, lead and serve—together.

Fr. Dr. Salvin Augustine SJ
Principal

From Principal's Desk

The new LENS magazine from Loyola School is out!

LENS shows what makes our school special - the energy, creativity, and teamwork of our students and staff.

I am so proud to see how far we have come in our journey to become better every day.

A big thank you and congratulations to our students and teachers for winning prizes and making us proud in so many competitions, both inside and outside the school. Our students showed not just talent, but also great team spirit.

LENS is a celebration of everything we have achieved together.

Fr. Ramlat Thomas SJ
Principal, Loyola School CBSE

Footprints of Grace

As the sun sets on a momentous chapter in the history of Loyola Institutions, the atmosphere is filled with deep gratitude, fond memories, and quiet reverence. Fr. Sunny Kunnappallil, SJ, who recently completed his distinguished term as Rector and Manager of both Loyola School and Loyola College of Social Sciences, leaves behind a legacy defined by compassionate mentorship, administrative foresight, and an unwavering commitment to excellence.

Fr. Sunny Kunnappallil SJ

Leading two premier institutions for eight years requires a rare balance of academic vision, pastoral care, and administrative acumen. Throughout his tenure, Fr. Sunny exemplified these qualities effortlessly.

Under his stewardship, Loyola continued to be a beacon of holistic education, nurturing not just academic high-achievers, but empathetic, socially responsible global citizens. Whether navigating complex administrative mandates or spearheading campus infrastructure and welfare projects, Fr. Sunny approached every challenge with trademark composure, clarity, and grace.

While his administrative achievements were vast, Fr. Sunny's true impact lay in the lives he touched personally. To the faculty and staff, he was a supportive leader who empowered educators to innovate and excel. To the students, he was an approachable father figure whose warmth and wisdom provided steady guidance in times of uncertainty.

A true leader does not create followers; he creates more leaders. Fr. Sunny's tenure was a reflection of this leadership and embodied the finest traditions of Ignatian pedagogy, reminding us that education is ultimately

a tool for service, compassion, and human dignity.

At the poignant farewell ceremony held at Loyola School, the community gathered to express their heartfelt gratitude. As Fr. Sunny hands over the reins to Fr. Dr. Binoy Jacob, SJ, he leaves the institution on immensely solid ground - richer in spirit, grounded in values, and poised for future growth.

As Fr. Sunny Kunnappallil, SJ embarks on his next mission within the Society of Jesus, the entire Loyola family salutes his service, prays for his health and happiness, and holds close the enduring lessons of his exemplary leadership.

Thank you, Fr. Sunny, for being our shepherd, guide, and pillar of strength.

Ms Baijayantee Bhattacharya

Fr. Dr. Binoy Jacob SJ is the new Rector and Manager of Loyola Institutions. He holds Doctorates in Mathematical Sciences (India) and in Systematic Theology (USA). He is a Member of the Clavius Group of Mathematicians, USA. He is also the Chair of the Task Force for Peace and Reconciliation, International Association of Jesuit Universities.

He is the Founder Director of Loyola Institute of Peace and International Relations, Kochi. He serves as the Managing Editor of Ezhuthu magazine & Pax Lumina, an international bimonthly. He is a visiting faculty both in India and abroad.

He is a wonderful educationist and scholar. A warm welcome to LOYOLA School.

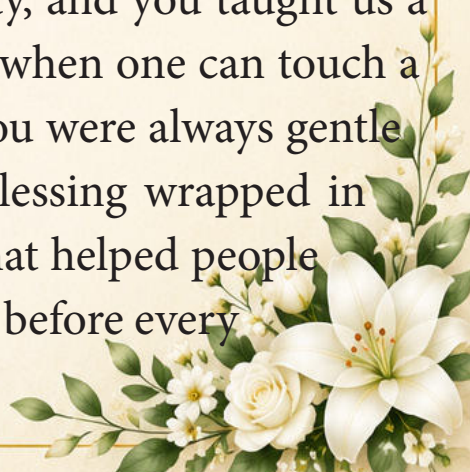

Fr. Dr. Salvin Augustine SJ
Principal

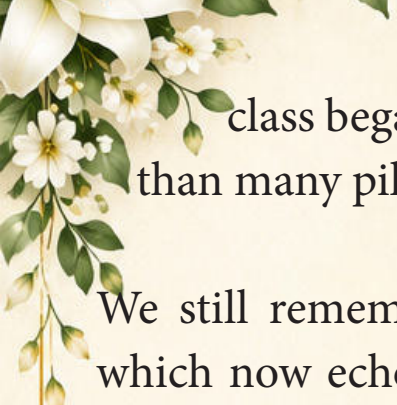

In Loving Memory of Ms. Shanthi

She was the gardener's favourite flower. At her funeral service, the priest reminded us that it is the gardener's right to pluck his favourite flower from the garden first — and perhaps that truth was reflected in her farewell. In her case, the words rang true: she was the most beautiful flower in His garden.

Dear Ms. Shanthi, you were here for humanity, and you taught us a valuable lesson: there is no need for loudness when one can touch a human life without speaking a single word. You were always gentle in character, yet your presence itself was a blessing wrapped in quiet love — the same soft, unspoken grace that helped people find peace, much like the silent prayer you led before every

class began. Your life, too, was a kind of silence, worth more than many pilgrimages.

We still remember walking through the corridors of Loyola together, which now echo with the memory of your gentle presence. You will be remembered not only as a great teacher, a loving mother, a devoted wife, and a cherished daughter, but also as a truly good human being. No one can fill the space you have left behind, for you carved an indelible place in the hearts of every life you touched. You spoke through your smile, a smile that lingered long after the moment passed, and your quiet dedication will continue to inspire us.

Your sudden passing teaches us something life keeps reminding us: to accept more, to smile more often, and to cherish the time we are given. I know I have learned many things from you, just as I am certain many others have too. The qualities that defined your character were simple yet profound, and endlessly inspiring. You truly were a woman of simplicity, filled with love.

I thank God for giving me the opportunity to work closely with you. No one can forget the warmth you shared, the cup of joy you offered, and the kindness you gave so freely. And so, once again, with heavy hearts, we try to console ourselves with the belief that it was God's right, as the Gardener, to pluck His favourite flower first from the garden of life.

Goodbye, Ms. Shanthi, until we meet again.

Mr Paul Eugin

A Celebration of Gratitude: Loyola Kindergarten Teachers' Day 2026

This year's Teachers' Day celebrations at Loyola Kindergarten unfolded as a deeply moving tribute to our educators, beautifully capturing the spirit of community, partnership, and heartfelt appreciation.

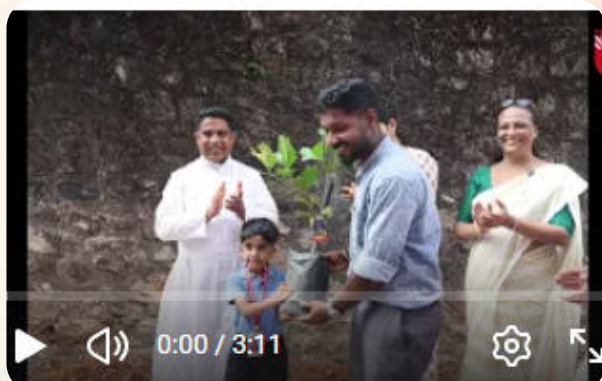

The festivities commenced on 2 September with a meaningful green initiative – Saplings of Gratitude – where teachers were gifted living saplings planted directly on the school campus, symbolising the enduring growth and care they pour into our children every day. The momentum continued into a vibrant assembly filled with thoughtful surprises, smoothly set in motion by a gracious welcome speech delivered by parent Mrs. Ammu Krishna S. and guided with exceptional elegance and confidence by our Master of Ceremonies, parent Mrs. Shilpa N. S.

Our teachers were further delighted with fragrant roses, exquisite bouquets, a celebratory cake, and sweet treats distributed across classrooms. The day's events showcased the incredible talents of our young learners, who stole our hearts with endearing speeches, a soulful group song, and a lively cultural presentation by our aunties. Laughter and cheer echoed through the halls as interactive games organised by parent representatives brought immense joy to the faculty. The celebrations were seamlessly brought to

life through vibrant stage decorations and flawless coordination, making every moment unforgettable.

We extend our deepest gratitude to our wonderful Principals, Fr. Dr. Salvin Augustine, SJ and Fr. Ramlat Thomas, SJ; Bursar Fr. Jose Thaiparambil SJ, KG Coordinator Ms Deepa Harikrishnan, Ms. Aparna S, Ms. Reethu P, management and all our dear teachers for their unwavering dedication and support. Above all, a heartfelt thank you to every single parent representative and family whose time, creativity, generosity, and behind-the-scenes support transformed this year's Teachers' Day into a truly cherished memory. Just like the saplings now rooted in our school soil, the bond we share continues to grow and flourish.

Mrs Kavitha Rani G U
(Parent Representative - UKG C)

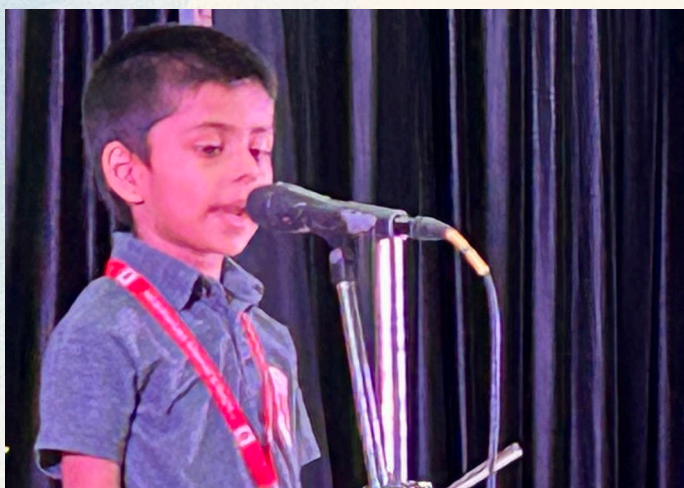

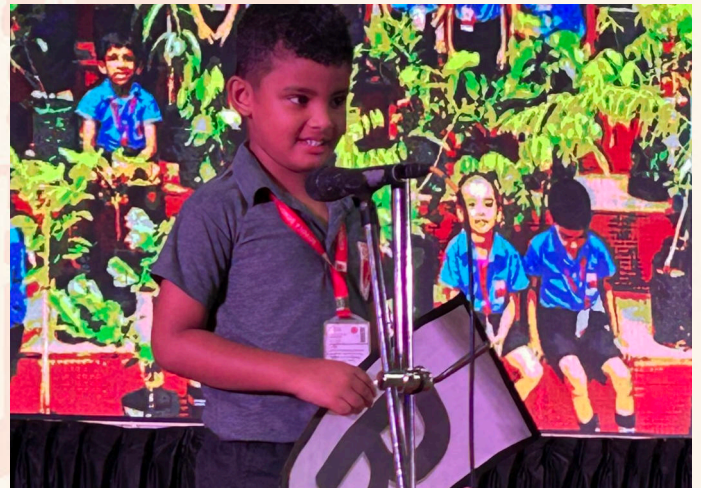

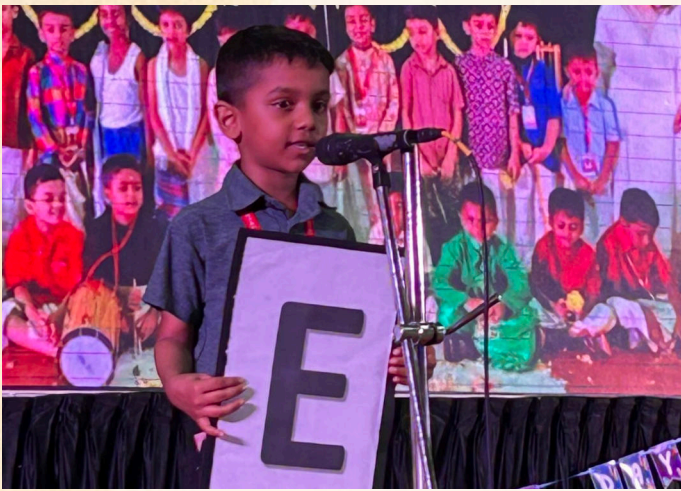

A Day to Celebrate Our Teachers

“A good teacher is like a candle. It consumes itself to light the way for others.”

The Teachers' Day celebration at our school on 3 September was indeed special, as it highlighted the work, care, and effort involved in teaching. In every grade, the respective teachers stepped back, and students were selected to teach their own classes. As these students stepped into their teachers' shoes, they experienced life as educators. The school leader, Abhinav P.K., assumed the role of Father Principal for the day, while other senior cabinet members took on the roles of Registrar and Vice Principals. Student volunteers from class XII managed overall school discipline. Students also expressed their love and appreciation towards teachers through beautiful handmade cards.

Later in the day, a vibrant assembly was held in the school auditorium, designed to honour our teachers and provide them with an enjoyable experience. The assembly, hosted by the students of classes IX and XII, began with a warm reception of all the teachers and principals by the senior students. The programme featured a fantastic skit by Class IX students, along with melodious song renditions and an energy-packed dance performance. This was followed by an interactive segment by the class XII students, in which teachers were asked fun and random questions to lighten their hearts. The highlight of the assembly was a beautiful video presentation by the seniors, showcasing the importance of teachers in our

school lives. As the assembly concluded, joy and happiness were evident on the teachers' faces.

Following the assembly, was an exciting cricket match between the senior students and the teachers, which the latter won. All in all, it was truly a memorable day for everyone, reminding us of the unbreakable bond between students and teachers. This celebration reaffirmed just how valuable our teachers are. In a world of change, they keep us grounded and remind us what it truly means to learn.

Pranav Binu, IX A

Rocketry Workshop at Loyola School

A two-day rocketry workshop conducted by students of the Indian Institute of Space Science and Technology (IIST) was held at Loyola School on 5 and 6 September. The workshop saw enthusiastic participation from students of Class VI and above. The event started as the mentors guided and taught the students about the basic properties and foundational concepts of aerospace engineering, including aerodynamics and Newton's laws of motion. After lunch, the students shifted to hands-on training.

Working in teams, all the students used the knowledge they had learned to design a rocket in simulation software called 'OpenRocket'. Once the rocket designs were finalised, construction began using the specialised kits provided. By the end of day one, the students had finished the fins of their rockets, which help them stay stable in flight. All the excitement reached its peak on Day 2: 'Launch Day'.

On 'Launch Day', the students finished their rockets. Each one was unique, with its own decals and designs. Some had three fins, while others had four. Great names were chosen for each one.

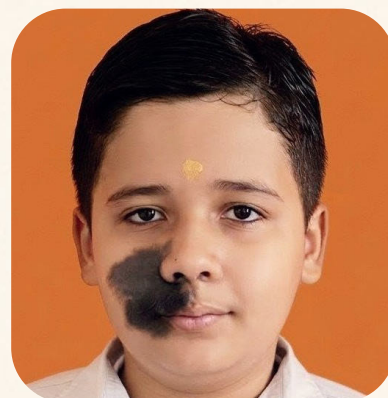

When all the components, including the motor, launch lugs, fins, nose cone, ejection charge, and parachute, were finished and assembled, it was time to launch. The launches took place one team after another, with each team of ten participants launching two rockets.

All the launches went smoothly, with the teams watching with excitement as their creations sprang to life and soared high into the sky. After the motors had burned out, the ejection charge opened the nose cone, revealing the majestic orange parachute. It glided the rocket down to safety before the rocket was recovered. The workshop concluded with a reflection session, inspiring many young minds to explore careers in space science. The event successfully achieved its goal of bridging the gap between classroom learning and practical engineering.

Omaansh Raghuvanshi, VII B1

When Fathers Lace Up:

The Inaugural Loyola Parents Football League

The inaugural Loyola Parents Football League (PFL 2026) kicked off on Saturday, 5 September 2026, on the newly laid turf at Loyola School, Sreekariyam. Organised under the PTA Community Engagement Programme 2026–27, the tournament brought together 90 parents across six squads, celebrating family involvement and community spirit in school life. Decathlon, GG Hospital, Fiesta Events & Gifts, Geojit, and Mirae Asset Sharekhan have partnered with PFL 2026 in support of wellness, family engagement, and social enrichment.

The ceremonial kick-off took place in the presence of Fr. Dr. Salvin Augustine, SJ, Director and Principal; Fr Ramlat Thomas, SJ, Principal, CBSE Section; Fr Jose Thaiparambil, SJ, Bursar; Ms Dhanya Krishna Kumar, PTA President; and Mr Praveen Kumar Parambath, PTA Vice President.

The opening ceremony was followed by an energetic performance by the Loyola Boys Live Band, which set the tone for an afternoon of football and fun. Adding to the excitement was the witty, no-holds-barred commentary by the students over the loudspeakers. Fathers were good-naturedly roasted for their dramatic slide tackles and breathless sprints, keeping the spectators entertained throughout the opening fixture.

The matchday canteen was another highlight, with hot, homemade cutlets prepared by the school mothers proving popular with the crowd. In keeping with the spirit of the occasion, attendees also demonstrated true Loyolite values by ensuring that the campus remained clean and litter-free.

Six parent squads are competing for a bespoke championship shield featuring precision-cut crystal glass mounted on a black base, the motto Magis, an embedded golden football, and the engraving “Play – Unite

- Give.” The participating teams are Lites United FC, captained by Dan Jacob; Loyola Guardianz FC, captained by Santhosh; Spartans FC, captained by Ratheesh; Daring Dads FC, captained by Muralikrishnan BT; Titans FC, captained by Dr Muhammed Sanoop; and Dads United FC, captained by Sarath PA.

The tournament began at 3:40 p.m., with Spartans FC taking on Daring Dads FC in the opening match. Despite resilient play from Daring Dads, Spartans FC capitalised on key transitional opportunities to secure a 2–0 victory and claim the opening two points. With matches scheduled every weekend, the tournament will continue through September, culminating in the much-anticipated Grand Finale on Saturday, 10 October 2026.

Praveen Kumar Parambath
PTA Vice President, Loyola School

L' SPECTRA 2026 (KG Section)– IGNITING YOUNG MINDS THROUGH SCIENCE

Loyola School, Kindergarten proudly hosted L' Spectra Science Exhibition 2026 on 11 September at the Xavier Building, bringing together our enthusiastic young learners from LKG to UKG. The exhibition was a vibrant celebration of curiosity, creativity, exploration and the joy of learning. The exhibition was inaugurated by Ms Anjali Bhavana IPS, Commandant, Kerala Armed Women Police Battalion. Her gracious presence added significance to the occasion and inspired our young learners.

The young scientists presented a variety of simple, colourful, and innovative exhibits based on concepts related to their everyday experiences. With great excitement, they explained their models, demonstrated activities and shared what they had learned with parents, teachers and visitors. The exhibition provided the children with a wonderful opportunity to learn through observation and hands-on experiences. It also helped develop their confidence, communication skills, creativity, teamwork and ability to express their ideas. The enthusiasm of the little ones was truly remarkable. Their confident explanations and eager participation reflected the encouragement and guidance provided by their teachers and the continuous support of their parents.

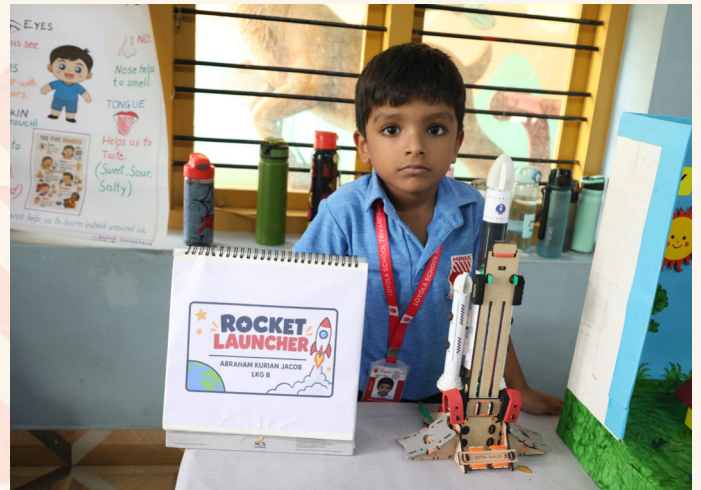

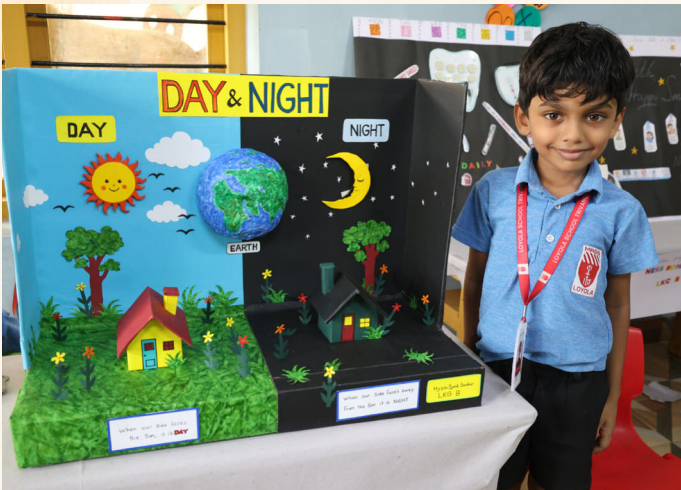

L' Spectra 2026 was more than a science exhibition; it was a platform where young minds were encouraged to question, explore, discover, and create. The event beautifully showcased that scientific curiosity can begin at a very young age. The smiles, excitement and confidence of our little scientists made the event a memorable and enriching experience for the entire Loyola community.

Ms Rajasree P

Curiosity Meets Creativity: L'SPECTRA 2026

L'Spectra 2026 was held on 11 September 2026 at the Indoor Stadium, bringing together scientific curiosity, creativity, and innovation in a vibrant celebration of student learning. The exhibition provided students with a dynamic platform to transform ideas into practical models and demonstrate their ability to apply scientific principles to real-world challenges.

The inaugural ceremony was graced by Ms. Anjali Bhavana, IPS, Commandant, Kerala Armed Women Police Battalion, as the Chief Guest. The occasion was further honoured by the presence of our Principals, Fr. Dr. Salvin Augustine, SJ and Fr. Ramlat Thomas, SJ and other distinguished dignitaries.

A striking feature of the exhibition was the originality and hands-on nature of the student projects. Working robots, student-developed applications, and innovative time-and-distance measuring systems were among the notable exhibits. Several projects also offered visitors opportunities for direct interaction, making science not merely something to observe, but something to experience and explore. These projects demonstrated how experiential learning can inspire young minds to look beyond textbooks and explore how science and technology can address practical problems.

With enthusiastic participation from students, teachers, and parents, L'Spectra 2026 became a memorable celebration of young talent and a spirit of inquiry.

Where Memories Met the Turf: A Day of Cricket at Loyola

Some places never really leave us. We may grow older, move to different cities, build careers and families, but the moment we walk through the familiar gates of our school, something from the past comes alive again. That is exactly what happened at Loyola School on 12 September, as LOBA (Loyola Old Batches Association) brought alumni together once again on the school grounds, which echoed with the sound of cricket, laughter, friendly banter, and memories. For many of us, returning to Loyola brought back memories of a very different time – school uniforms, morning assemblies, hurried lunches, second trips, friendships forged in classrooms and, of course, countless hours spent playing cricket. The years may have passed, but the competitive spirit clearly hadn't.

Adding a special touch to the occasion was the school's newly laid turf, which provided the perfect setting for the tournament. For the old boys, stepping onto a new cricket surface in the very school where they had once played was a reminder of how much things have changed and yet how much has remained the same. The new turf seemed to bridge two generations: those who once played cricket at Loyola as students and those whose children are now creating their own memories on the same campus.

From the first ball to the last, it was a day that demanded more than just cricketing skills. Under the hot, sweltering sun, four teams comprising Loyola old boys and a few proud parents of students currently studying at the school – Travancore Titans, Grey Wolves, OM Trivians and Royal Deccan Tuskers – battled it out on the new turf, carrying tired legs, fading energy and perhaps a few creaking joints. None of that seemed to matter, though. Over the course of the day, boundaries were cheered, wickets celebrated, catches dropped, chances missed, and fortunes changed

with almost every over. There were moments of brilliance, moments of disbelief and, inevitably, those familiar cricketing debates that only old friends can have, usually with a straight face and a completely different version of what actually happened.

Yet beneath the competition was something far more charming. As the players toiled through the heat, there was a sense that time had quietly turned back the clock. The men who had once raced across these grounds as schoolboys were once again chasing balls, calling for singles and celebrating wickets with the enthusiasm of their younger selves. Four teams fought, stumbled, rallied and fought again, until only two remained standing. They had earned their places in the final the hard way through sweat, determination, camaraderie and perhaps a little stubborn refusal to give in. And as the afternoon heat slowly gave way to the anticipation of the evening, the stage was set for one last battle.

The concluding match produced exactly the kind of contest everyone had hoped for closely fought, competitive and filled with moments that kept the players and spectators on the edge of their seats. At the heart of the winning effort were two contrasting personalities who complemented each other beautifully. There was Aashique (Batch of 2014), whose energy and fearless approach brought urgency and spark to his team's

campaign. Alongside him was Pradeep Suthan (Batch of 1985), who brought a completely different quality to the contest: calmness, experience and level-headedness, providing his team with the composure and focus needed when the pressure mounted. The final six to win the closely fought final with only three balls and three wickets left was a fitting climax to the daylong event.

What made the day special was that the scorecard, and even the fact that OM Trivians won the trophy by defeating Grey Wolves, told only a small part of the story. As the winning team celebrated, there was perhaps a feeling shared by everyone present: we may have come back to play cricket, but we also came back to find a little bit of ourselves. For the old boys, it was an opportunity to return to a place that had shaped their formative years. For the parents, it was a chance to become part of the Loyola community in a different way. And for the school, it was a wonderful reminder that its relationship with its students doesn't end when they walk out through the gates after their final year.

A Memorable Visit by Fr. Dr. S. M. John Kennedy SJ

On 16th August, the students of Loyola School gathered to welcome the distinguished presence of Fr. Dr. S. M. John Kennedy, SJ, National Conference Secretary of the Jesuit Educational Association (JEA). The programme began at 9:30 a.m. with the arrival of the chief guest, accompanied by Principal Fr. Dr. Salvin Augustine, SJ; CBSE Principal Fr. Ramlat Thomas, SJ, the school band and the NCC cadets. The school choir set a peaceful tone for the event with their melodious performance.

The formal proceedings commenced with a welcome speech delivered by Gautham Abhilash of X B, followed by the reading of the Preamble of the Indian Constitution by Ishan Sajeev. Thereafter, the esteemed chief guest addressed the gathering, sharing his valuable insights on Jesuit education, current challenges, and broader perspectives. His words inspired the students, who then had the wonderful opportunity to ask questions and engage in meaningful dialogue, expanding their minds and clarifying their doubts. The programme continued with a captivating musical presentation by Neerad R. of VIII C and Srihari P. R of VI D , which entertained the audience.

As the event drew to a close, Haifa Raffi of XII C1 proposed the vote of thanks. The programme concluded with the singing of the School Anthem, bringing together all Loyolites in a spirit of unity and harmony.

Fostering Inquiry and Thinking in Middle Stage Classrooms – A Two-Day Training Programme

A two day training programme on Building Thinking and Inquiry Oriented Classrooms in the Middle Stage was organised by the Council for the Indian School Certificate Examinations (CISCE) on 8 and 9 September 2026 at Loyola School. Thirty teachers from different schools across Kerala participated in this workshop.

The resource person for both days was Mr. Aravind Sekhar, a CENTA Master Trainer and educator with nearly eight years of experience in teaching and teacher training across diverse educational contexts and learning environments.

The workshop was highly interactive and focused on creating classrooms where students think, question, and discover answers instead of merely memorising facts. It encouraged teachers to use inquiry-based questions, group discussions, real-life examples, and engaging activities to foster critical and creative thinking skills in the classroom.

The training also emphasised active student participation, effective teacher probing questions and formative assessment as essential strategies for making learning more meaningful and engaging. Overall, the sessions were engaging, informative and provided valuable insights into fostering thinking and inquiry-oriented classrooms.
